### **Key Person Insurance - Plan Summary (TTD Monthly & PTD Lump Sum)**

Disability benefits are available on a monthly benefit and/or lump sum basis. Both may be combined in a single contract i.e. a monthly benefit for an initial period, followed by a lump sum. The maximum total benefit amount on any one life is \$20 million.

#### **Temporary Total Disability (TTD) monthly benefits:**

**Elimination Periods:** 30, 60, 90, 120 or 180 days

Periods of disability due to the same or related causes and separated by 60 days or less can be accumulated to satisfy the elimination period.

**Benefit Periods:** up to 24 months

The maximum benefit period is cumulative e.g. if the maximum benefit period is 12 months, a maximum of 12 monthly payments will be made for all qualifying periods of disability.

**Definition of Total Disability:** Inability, due to injury or sickness, to perform the substantial duties of the regular occupation. The claimant must be receiving appropriate physician's care.

**Recurrent Total Disability:** After the elimination period has been satisfied, if the claimant recovers but suffers a recurrence of disability within six months, due to the same or related causes, benefits will continue without the need to satisfy a new elimination period.

#### **Permanent Total Disability (PTD) lump sum benefit:**

**Elimination Period:** The PTD lump sum is generally paid after monthly TTD benefits have been paid for the maximum benefit period. When issued on a standalone basis, the minimum elimination period is 6 months and the maximum is 66 months.

**Definition of Permanent Total Disability:** There is no reasonable expectation of recovery, during the claimant's lifetime, from the effects of a sickness or injury to the extent that they will be able to resume the substantial duties of their regular occupation.

**Mental Disorders Exclusion:** No lump sum benefits will be paid for permanent total disability resulting from a mental disorder.

#### **General:**

**Policy Terms and Renewability:** Policies may be issued for a term of up to three years. Policy provisions and premiums are contractually guaranteed until the end of the policy term. Subsequent renewal is non-contractual, but policies can normally be renewed for a further period(s), subject to underwriting approval. A new application may be required. We reserve the right to request additional underwriting evidence for any renewal.

**Premium:** For policy terms of one year or more premiums are payable on an annual basis. For policy terms of less than a year the full premium is payable in advance. The minimum premium is \$750. In addition a \$250 policy fee applies in the first year of the term of coverage.

## Key Person Insurance - Plan Summary

**Currency:** Contracts may be denominated in either Canadian or United States currency. Benefits and premiums must be in the same currency.

For example, not all elimination periods and/or benefit periods may be available in a specific situation. Coverage may be issued with additional exclusions or other modifications based on the nature of the risk and information obtained during the course of underwriting, including written answers given as evidence of insurability, and medical and financial information obtained from the applicant or third parties, or other information material to the risk. The actual policy provisions will govern the payment of claims.
